

City of Baguio — Research and Innovation Agenda

This is a placeholder preview document summarizing the Research and Innovation Agenda framework that guides the Baguio City Research and Innovation Alliance, established under Ordinance No. 063, Series of 2023. The Agenda sets the shared priorities that Incubator Baguio programs, challenges, and partnerships are organized around.

Intended Focus Areas

- Agriculture & Food Security — highland farming productivity, post-harvest loss, and food systems resilience.
- Health & Wellness — community health access, digital health tools, and wellness innovation.
- Tourism & Creative Industries — sustainable tourism, creative economy, and cultural heritage.
- Environment & Sustainability — waste management, climate resilience, and natural resource stewardship.
- Education & Digital Innovation — digital literacy, EdTech, and youth innovation capacity.
- Governance & Public Services — civic technology, e-governance, and public service delivery.

Full agenda to be published by the City Planning, Development and Sustainability Office (CPDSO).
